

Prior Authorization Request

IMBRUVICA (ibrutinib)

Instructions

Please complete Part A and have your physician complete Part B. Completion and submission is not a guarantee of approval. Any fees related to the completion of this form are the responsibility of the plan member. Drugs in the Prior Authorization Program may be eligible for reimbursement if the patient does not qualify for coverage under a primary plan or a government program. Drugs used for indications not approved by Health Canada may be denied. For Quebec plan members, RAMQ exception drug criteria may apply. The decision for approval versus denial is based on pre-defined clinical criteria, primarily based on Health Canada approved indication(s) and on supporting evidence-based clinical protocols. The plan member will be notified whether their request has been approved or denied. Please note that you have the right to appeal the decision made by Express Scripts Canada.

Part A – Patient

Patient information

First Name:		Last Name:	
Insurance Carrier Name/Number:			
Group Number:		Client ID:	
Date of Birth (YYYY/MM/DD):		Relationship: <input type="checkbox"/> Employee <input type="checkbox"/> Spouse <input type="checkbox"/> Dependent

Provincial Coverage	Has the patient applied for reimbursement under a provincial plan? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A What is the coverage decision of the drug? <input type="checkbox"/> Approved <input type="checkbox"/> Denied <i>*Attach decision letter*</i>
Primary Coverage	Has the patient applied for reimbursement under a primary plan? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A What is the coverage decision of the drug? <input type="checkbox"/> Approved <input type="checkbox"/> Denied <i>*Attach decision letter*</i>

Authorization

On behalf of myself and my eligible dependents, I authorize my group benefit provider, and its agents, to exchange the personal information contained on this form. I give my consent on the understanding that the information will be used solely for purposes of administration and management of my group benefit plan. This consent shall continue so long as my dependents and I are covered by, or are claiming benefits under the present group contract, or any modification, renewal, or reinstatement thereof.

Please see instructions on page 1 and complete all sections below. Incomplete forms may result in automatic denial. Please do not provide genetic test information or results.

SECTION 1 – DRUG REQUESTED

IMBRUVICA (ibrutinib)				<input type="checkbox"/> New request	<input type="checkbox"/> Renewal request*
Dose	Administration (ex: oral, IV, etc)	Frequency	Duration		
Site of drug administration:					
<input type="checkbox"/> Home		<input type="checkbox"/> Physician's office/Infusion clinic		<input type="checkbox"/> Hospital (outpatient)	
<input type="checkbox"/> Hospital (inpatient)					

* Please submit proof of prior coverage if available

SECTION 2 – ELIGIBILITY CRITERIA

1. Please indicate if the patient satisfies the below criteria:

Mantle Cell Lymphoma

- For the treatment of relapsed or refractory mantle cell lymphoma (MCL) in an adult, AND
- The patient has had an inadequate response or has a documented intolerance to a prior therapy for MCL (*Please list prior therapies in the chart below*)

Chronic Lymphocytic Leukemia – Previously Untreated

- For the treatment of active chronic lymphocytic leukemia (CLL), including 17p deletion, in a previously untreated adult, AND
- IMBRUVICA will be used as a single agent, OR
- IMBRUVICA will be used in combination with GAZYVA (obinutuzumab), OR
- IMBRUVICA will be used in combination with VENCLEXTA (venetoclax)

Chronic Lymphocytic Leukemia – Previously Treated

- For the treatment of active chronic lymphocytic leukemia (CLL), including 17p deletion, in a previously treated adult, AND
- The patient has had an inadequate response or has a documented intolerance to a prior therapy for CLL (*Please list prior therapies in the chart below*), AND
- IMBRUVICA will be used as a single agent, OR
- IMBRUVICA will be used in combination with rituximab and bendamustine

Waldenström's Macroglobulinemia

- For the treatment of Waldenström's macroglobulinemia (WM) in an adult, AND
- IMBRUVICA will be used in combination with rituximab, OR
- IMBRUVICA will be used as a single-agent and the patient has had an inadequate response or has a documented intolerance to a prior therapy for WM (*Please list prior therapies in the chart below*)

Prior Authorization Request

IMBRUVICA (ibrutinib)
